Albany, NY 12229
(518) 474-5968
E-Mail: NA

Eligibility: Counties and Private Non-Profit Groups.

Type of Program and Special Restrictions: Optional, but once chosen subject to mandated State and Federal requirements. Funds must be expended in accordance with approved contract/approval letter and budget. If program is funded with Federal block grant funds, those funds cannot be used for: inpatient services; the purchase or improvement of land; the purchase or construction of buildings; the purchase of major medical equipment; to satisfy any requirement of the expenditure of non-governmental funds as a condition for the receipt of Federal funds; or for financial assistance to any entity other than a public or non-profit private organization.

Action Required to Receive Aid: Application for aid required.

Description of Aid:

Flow of Funds: Federal to State to Local; State to Local. Monies are provided in advance and/or as a reimbursement.

Type of Aid: NA

Formula: Varies for program service delivered.

Matching Requirement: For certain funds.

Maintenance of Effort: For certain funds.

Amounts Appropriated:

	<u>Federal Funds*</u>	<u>State General Funds</u>	<u>State Spec. Rev.</u>
SFY 02-03	40,800,000	566,537,200	NA
SFY 03-04	31,094,000	538,277,200	48,200,000
SFY 04-05	32,094,000	589,925,800	48,200,000

Amounts Disbursed:

	<u>Federal Funds*</u>	<u>State General Funds</u>	<u>State Spec. Rev.</u>
SFY 02-03	35,343,885	554,068,337	NA
SFY 03-04	36,474,108	535,117,885	48,200,000

*Amounts appropriated and disbursed are from multi-year Federal grants, portions of which involve capital funding which can be disbursed over a seven year period.

ADULT SERVICES: CRISIS SERVICES

Objective: Provides various services to the mentally ill and homeless mentally ill.

Eligibility: Counties and Private Non-Profit Groups.

Type of Program and Special Restrictions: See Adult Services Program Overall.

Action Required to Receive Aid: See Adult Services Program Overall.

Description of Aid:

Emergency Unit Clinic Treatment

Clinic treatment provided in an emergency unit or by emergency unit staff.

Respite Care

Temporary services provided by trained staff in the client's place of residence or other temporary housing arrangement. Includes custodial care for a disabled person in order that primary care givers (family or legal guardian) may have relief from care responsibilities.

Alternative Crisis Support

The program offers crisis prevention, early crisis intervention, de-escalation, and resolution in a non-medical, minimally intrusive manner. Program components may include peer-staffed crisis hotlines, in-home peer crisis counselors (24-hour capacity), peer operated safe houses, alternative dispute resolution services, proactive crisis planning services/advance directives, and peer advocates or counselors accessible to emergency room staff and police.

Mobile Treatment Team/Crisis Outreach

Visits by a discreet organization that include the provision of services similar in nature to those of a clinic treatment program. The services take place outside the outpatient unit premises, usually at the patient's residence or other natural setting

Non-Inpatient Crisis Services

Any activities in a non-inpatient setting, including the residence of the client, that address acute emotional distress when the client's condition requires immediate attention.

Crisis Residence

A residential (24 hours/day) stabilization program, which provides services for acute symptom reduction and the restoration of patients to pre-crisis level of functioning.

Crisis Outreach

A mobile crisis intervention program which offers emergency services such as crisis intervention and/or assessment services in natural (e.g. homes), structured (e.g., residential programs), or controlled (e.g., instructional) environments.

ADULT SERVICES: CRISIS SERVICES (cont.)

Extended Observation Beds (CPEP)

Beds operated by the Comprehensive Psychiatric Emergency Program which are located in or adjacent to the emergency room of a CPEP and are available 24 hours per day, seven days per week to provide extended assessment and evaluation as well as a safe and humane environment for up to 72 hours for those presenting to the CPEP.

Crisis Intervention

This hospital based emergency room program has the primary objective of reducing acute symptoms and restoring patients to pre-crisis levels of functioning to the extent possible. Services include provision of triage and screening, assessment, treatment, stabilization and referral or diversion to an appropriate program.

Amounts Appropriated and Disbursed: This Program is appropriated as part of one or more larger lump sum appropriations each year. See Adult Services Program Overall.

ADULT SERVICES: COMMUNITY SUPPORT PROGRAM

Objective: Provides various services to the mentally ill and homeless mentally ill.

Administering Agency: NYS Office of Mental Health

Specific Program URL: NA

NYS Object Code: NA

Year Established: Varies

Catalog of Federal Domestic Assistance No.: Varies

Legal Authority:

Law: NY Mental Hygiene Law

Regulation: NY Codes, Rules and Regulations

E-Mail: NA

Eligibility: Counties and Private Non-Profit Groups.

Type of Program and Special Restrictions: See Adult Services Program Overall.

Action Required to Receive Aid: See Adult Services Program Overall.

Description of Aid:

On-site Rehabilitation

The objective is to assist individuals disabled by mental illness who live in adult congregate care settings, supervised or supported living arrangements to achieve their treatment and community living rehabilitation goals. Services include one or a combination of: (1) consumer self-help and support interventions; (2) community living; (3) academic and/or social leisure time rehabilitation training and support services.

Recreation

A program of social, recreational, and leisure activities that are intellectually and interpersonally stimulating but which are not necessarily part of a goal-based program plan.

Transportation

The provision of transportation to and from facilities or resources specified in the client's individual treatment plan as a necessary part of his/her service for mental disability.

Outreach

Case finding activities designed to establish face-to-face contact with individuals potentially in need of mental health services. Such services may be delivered through the use of mobile outreach teams and should include but not be limited to assessment and referral services.

Psychosocial Club

The objective is to assist individuals disabled by mental illness to develop or reestablish a sense of self-esteem and group affiliation, and to promote their recovery from mental illness and their reintegration into a meaningful role in community life through the provision of two or more of the following: (1) consumer self-help and empowerment interventions; (2) community living; (3) academic; (4) vocational and/or (5) social-leisure time rehabilitation, training and support services.

Advocacy Service

Advocacy services may provide individual advocacy, systems advocacy, or a combination of both. Individual advocacy assists recipients in protecting and promoting their rights, resolving complaints and grievances, and accessing services and supports of their choice.

ADULT SERVICES: COMMUNITY SUPPORT PROGRAM (cont.)

Drop-in Center

The objective of a Drop-in Center program is to identify and engage persons who may choose not to participate in more structured programs or who might not otherwise avail themselves of mental health services, and to provide services and supports in a manner which these individuals would accept. These programs are low demand, flexible and relatively unstructured, and responsive to individual need and circumstance.

Bridger/Transition Management (TM) Services

The program provides supports to link appropriate community services to people living in inpatient units and is designed to ease their transition from inpatient programming to community living environments.

Transition Management Services (discharge planning) programs provide support for improved community service linkages and timely filing of Medicaid applications for individuals with serious mental illness being released from local correctional facilities.

Peer Advocacy

Peer Advocacy Services are provided by current or former service recipients who have been trained in such areas as negotiation and mediation skills, recipient's rights, mental hygiene law, and access to entitlements and local resources. Peer advocacy programs may provide individual advocacy, systems advocacy or a combination of both types.

Self Help Program

Provides rehabilitative and support activities based on the principle that people who share a common condition or experience can be of substantial assistance to each other. These programs may take the form of mutual support groups and networks, or they may be more formal self-help organizations that offer specific educational, recreational, social or other program opportunities.

Compulsive Gambling

Provides outpatient treatment to compulsive gamblers designed to reduce symptoms, improve functioning and provide ongoing support.

Multicultural Initiatives

Funds will support activities related to the development of minority-run programs. Efforts by service providers to evaluate the cultural and linguistic competence of their programs, management and staff will be encouraged, with a view toward reducing barriers to client access to care, minimizing erroneous diagnosis and faulty treatment intervention.

Supported Education

The objective of this program is to provide mental health and rehabilitation services to individuals with a serious mental illness to assist them to develop and achieve academic goals in natural and community-based educational settings.

Amounts Appropriated and Disbursed: This Program is appropriated as part of one or more larger lump sum appropriations each year. See Adult Services Program Overall.

ADULT SERVICES: OUTPATIENT

Objective: Provides various services to the mentally ill and homeless mentally ill.

Eligibility: Counties and Private Non-Profit Groups.

Type of Program and Special Restrictions: See Adult Services Program Overall.

Action Required to Receive Aid: See Adult Services Program Overall.

Description of Aid:

Assertive Community Treatment (ACT) Teams

ACT Teams provide intensive treatment and support to people with psychiatric disabilities. The focus is on the improvement of an individual's quality of life in the community and reducing the need for inpatient care, by providing intense community-based treatment services by an interdisciplinary team of mental health professionals.

Continuing Day Treatment

Program provides active treatment and rehabilitation designed to maintain or enhance current levels of functioning and skills, to maintain community living and to develop self-awareness and self-esteem through the exploration and development of patient strengths and interests.

Clinic Treatment (Adult)

A clinic treatment program provides treatment designed to reduce symptoms, to improve patient functioning and to provide ongoing support. A clinic treatment program shall provide the following services: assessment and treatment planning, health screening and referral, discharge planning, verbal therapy, medication therapy, medication education, symptom management and psychiatric rehabilitation readiness determination. Services may also include case management, crisis intervention services and clinical support services.

Partial Hospitalization

A partial hospitalization program provides active treatment designed to stabilize and ameliorate acute symptoms, to serve as an alternative to inpatient hospitalization, or to reduce the length of a hospital stay within a medically supervised program.

Intensive Psychiatric Rehabilitation Treatment (IPRT)

The program is time-limited, with active psychiatric rehabilitation designed to assist a patient in forming and achieving mutually agreed upon goals in living, learning, working and social environments; to intervene with psychiatric rehabilitation technologies, to overcome functional disabilities and to improve environmental supports.

ADULT SERVICES: OUTPATIENT (cont.)

Comprehensive PROS With Clinic

Personalized Recovery Oriented Services (PROS) is a comprehensive recovery oriented program with integrated services for individuals with severe and persistent mental illness. Services include community rehabilitation and support; intensive rehabilitation; vocational support and clinical treatment.

Comprehensive PROS Without Clinic

Personalized Recovery Oriented Services (PROS) is a comprehensive recovery oriented program with integrated services for individuals with severe and persistent mental illness. Services include community rehabilitation and support; intensive rehabilitation; and vocational support.

Limited License PROS

Personalized Recovery Oriented Services (PROS) is a comprehensive recovery oriented program with integrated services for individuals with severe and persistent mental illness. Services include vocational support and intensive rehabilitative services.

Amounts Appropriated and Disbursed: This Program is appropriated as part of one or more larger lump sum appropriations each year. See Adult Services Program Overall.

ADULT SERVICES: EMPLOYMENT

Objective: Provides various services to the mentally ill and homeless mentally ill.

Description of Aid:

Sheltered Workshop/Satellite Sheltered Workshop

The objective is to provide vocational assessment, training, and paid work in a protective and non integrated work environment for individuals disabled by mental illness.

Transitional Employment Placement (TEP)

The objective is to strengthen the individual's work record and work skills toward the goal of achieving assisted or unassisted competitive employment at or above the minimum wage paid by the competitive sector employer. TEP's provide time limited employment and on the job training in one or more integrated employment settings as an integral part of the individual's vocational rehabilitation growth.

Enclave in Industry

The objective is to provide vocational assessment, training, and transitional or long term paid work for individuals with severe disabilities in an integrated employment environment.

Assisted Competitive Employment

The objective is to assist individuals in choosing, finding, and maintaining satisfying jobs in the competitive employment market at minimum wage or higher.

Affirmative Business/Industry

The objective is to provide vocational assessment, training, transitional or long-term paid employment, and support services for persons disabled by mental illness in a less restrictive/more integrated employment setting than sheltered workshops.

Work Program

The objective is to provide vocational assessment, training and transitional or long-term paid work in institutional or community job sites for individuals disabled by mental illness.

Ongoing Integrated Supported Employment Services

These funds are intended for ongoing job maintenance services including job coaching, employer consultation, and other relevant supports needed to assist an individual in maintaining a job placement.

Amounts Appropriated and Disbursed: This Program is appropriated as part of one or more larger lump sum appropriations each year. See Adult Services Program Overall.

Action Required to Receive Aid: See Adult Services Program Overall.

Description of Aid:

Case Management

Activities aimed at linking a client to the service system and at coordinating the various services in order to achieve a successful outcome. The objective of case management in a mental health system is continuity of care and service. Services may include linking, monitoring and case-specific advocacy.

Blended Case Management

This program facilitates a team approach to case management services by combining the caseloads of multiple Intensive Case Managers (ICMs) and/or Supportive Case Managers (SCMs).

Intensive Case Management

Intensive services, which are operated under a fidelity structure, aimed at linking a client to the service system and at coordinating the various services in order to achieve a successful outcome. The objective of case management in a mental health system is continuity of care and service. Services may include linking, monitoring and case-specific advocacy.

Supportive Case Management (SCM)

Intensive services, which are operated under a fidelity structure, aimed at linking a client to the service system and at coordinating the various services in order to achieve a successful outcome. The objective of case management in a mental health system is continuity of care and service. Services may include linking, monitoring and case-specific advocacy.

Amounts Appropriated and Disbursed: This Program is appropriated as part of one or more larger lump sum appropriations each year. See Adult Services Program Overall.

Type of Program and Special Restrictions: See Adult Services Program Overall.

Action Required to Receive Aid: See Adult Services Program Overall.

Description of Aid:

Supported/Single Room Occupancy

The program is designed specifically to place the homeless mentally ill in Single Room Occupancy (SRO) units on a long-term basis. Within the SRO, residents have the option of receiving some mental health services, but are not required to do so. Additional mental health services are available to SRO residents within the community on an as-needed basis.

Supported Housing Community Services

The objective of the program is to assist individuals in locating and securing housing of their choice and in accessing the supports necessary to live successfully in the community.

Treatment/Congregate

A group-living designed residential program which focuses on interventions necessary to address the specific functional and behavioral deficits which prevent residents from accessing generic housing. These interventions are goal-oriented, intensive, and usually of limited duration. Staff is on-site 24 hours/day.

Support/Congregate

A single-site residential program which provides support designed to improve or maintain an individual's ability to live as independently as possible and eventually access generic housing. Interventions are provided consistent with the resident's desire, tolerance and capacity to participate in services. Staff is on-site 24 hours/day.

Treatment/Apartment

An apartment-based residential program which focuses on interventions necessary to address the specific functional and behavioral deficits which prevent residents from accessing generic housing.

Support/Apartment

An apartment-based residential program which provides support designed to improve or maintain an individual's ability to live as independently as possible, and eventually access generic housing. Interventions are provided consistent with the resident's desire, tolerance, and capacity to participate in services.

ADULT SERVICES: RESIDENTIAL (cont.)

Community Residence/Single Room Occupancy

The program is targeted specifically to the homeless mentally ill. Within the SRO, residents have the option of receiving some mental health services, but are not required to do so. Additional mental health services are available to SRO residents within the community on an as needed basis.

Amounts Appropriated and Disbursed: This Program is appropriated as part of one or more larger lump sum appropriations each year. See Adult Services Program Overall.

CHILDRENS SERVICES PROGRAM OVERALL

Objective: Provides various services to seriously emotionally disturbed children and adolescents and their families.

Type of Program and Special Restrictions: See Childrens Services Program Overall.

Action Required to Receive Aid: See Childrens Services Program Overall.

Description of Aid:

Respite Care

Temporary services provided by trained staff in the client's place of residence or other temporary housing arrangement. Includes custodial care for a disabled person in order that primary care givers (family or legal guardian) may have relief from care responsibilities.

Crisis Residence

A residential (24 hours/day) stabilization program, which provides services for acute symptom reduction and the restoration of patients to pre-crisis level of functioning.

HCBS Waiver Respite Care

A service that provides a needed break for the family and the child to ease the stress at home and improve family harmony. It may be provided on a planned or emergency basis either in home or out of home by trained respite workers.

HCBS Waiver Family Support

Activities designed to enhance the ability of the child to function as part of a family unit and to increase the family's ability to care for the child in the home

HCBS Waiver Crisis Response

Activities aimed at stabilizing occurrence of child/family crises where they arise.

HCBS Waiver Skill Building

Activities designed to assist the child in acquiring, developing and accessing functional skills and supports - both social and environmental - needed to function more successfully in the community.

HCBS Waiver Intensive-in-Home

Ongoing activities aimed at providing intensive interventions in the home when a crisis response service is not enough.

CHILDRENS SERVICES: CRISIS SERVICES (cont.)

Home-Based Crisis Intervention (HBCI)

The Home-Based Crisis Intervention Program assists families with children in crisis by providing an alternative to hospitalization by means of short-term intensive in-home crisis intervention. Families are helped through crisis with intense interventions and the teaching of new effective parenting skills. The target population for the HBCI Program is families with a child or adolescent ages 5 to 17 years of age, who are experiencing a psychiatric crisis so severe that unless immediate, effective intervention is provided, the child will be removed from the home and admitted to a psychiatric hospital. Families referred to the program are expected to come from psychiatric emergency services.

Amounts Appropriated and Disbursed: This Program is appropriated as part of one or more larger lump sum appropriations each year. See Childrens Services Program Overall.

CHILDRENS SERVICES: CASE MANAGEMENT

Description of Aid:

School Based Initiatives

A program providing mental health services, i.e., brief interventions with a student or group of students, linkage with families, assessments, screening, crisis intervention, referrals, linkage with community-based programs, consultation and technical assistance with education staff (teachers, principals, etc.) to seriously emotionally disturbed children and adolescents, and those children and adolescents at risk of such disturbances within a school setting.

Family Support Services (Children and Family)

The Family Support Services program provides family support groups, advocacy, respite, and after school, summer, family recreation and residential camp programs to families in which there is a seriously emotionally disturbed child or adolescent.

HCBS Waiver Individualized Care Coordination

Services that include the components of intake and screening, assessment of needs, service plan development, linking, advocacy, monitoring, discharge planning and consultation.

Coordinated Children's Services Initiative

The Coordinated Children's Services Initiative (CCSI) has two major goals: providing coordinated community-based services and supports to children with serious emotional disturbances and their families; and preventing unnecessary residential placements of these children.

Amounts Appropriated and Disbursed: This Program is appropriated as part of one or more larger lump sum appropriations each year. See Childrens Services Program Overall.

Description of Aid:

Day Treatment (Children & Adolescents)

Day treatment services for children and adolescents provide intensive, non-residential services. The programs are characterized by a blend of mental health and special education services provided in a fully integrated program. Typically, these programs include special education in small classes with an emphasis on individualized instruction, individual and group counseling, family services such as family counseling, crisis intervention, interpersonal skill development and behavior modification. Children and adolescents receiving day treatment services live at home or in the community but are identified by their school district as seriously emotionally disturbed and cannot be maintained in regular classrooms.

Children and Youth (C&Y) Clinic Treatment

A clinic treatment program serves children with a diagnosis of serious emotional disturbance and provides treatment designed to reduce symptoms, to improve patient functioning while maintaining children in their natural environments, supporting family integrity and functioning and providing ongoing support to the patient and relevant collaterals during treatment. A clinic treatment program for children shall provide the following services: assessment and treatment planning, verbal therapy, symptom management, health screening and referral, medication therapy, medication education, clinical support services and discharge planning. Services may also include case management and crisis intervention services.

Amounts Appropriated and Disbursed: This Program is appropriated as part of one or more larger lump sum appropriations each year. See Childrens Services Program Overall.

Description of Aid:

Family Based Treatment Program

The Family-Based Treatment Program (FBTP) treats children and adolescents between the ages of five and eighteen (with the target population under 12 years of age) who are seriously emotionally disturbed within a home environment that is caring, nurturing and therapeutic. The program employs professional parents who are extensively trained and supervised. Parents function within a well-structured system that provides respite and other types of support.

Residential Treatment Facility - Children and Youth

Residential Treatment Facilities (RTF's) provide fully-integrated mental health treatment services to seriously emotionally disturbed children and youth between the ages of five and 21 years of age in 14-56 bed facilities.

Teaching Family Home

The Teaching Family Community Residence is designed to provide individualized care to children and youth with serious emotional disturbances in a family like, community based environment. Specially trained parents live and work with four children and youth with serious emotional disturbances in a home like setting.

Community Residence, Children & Youth (C&Y)

C&Y Community residences provide a therapeutic residential program in a community setting for seriously emotionally disturbed youth. Programs serve children between the ages of five and 18. Each program includes structured daily living activities, problem-solving skills training, a behavior management system and caring, consistent adult relationships. Each community residence will be linked with one or more day treatment and/or special education programs.

Amounts Appropriated and Disbursed: This Program is appropriated as part of one or more larger lump sum appropriations each year. See Childrens Services Program Overall.

TECHNICAL ASSISTANCE

Objective: Assists local governments and eligible providers in planning for and providing quality mental health services in compliance with individual program requirements.

Eligibility: Local Governments and Eligible Providers.

Action Required to Receive Aid: On request.

Description of Aid:

Technical assistance is provided for all agency programs as well as in areas such as quality assurance and planning. Funding for such technical assistance is made available, as appropriate, within the individual program resources or by use of personnel funded under the state purposes portion of the budget. Local governmental units and other eligible providers of mental health services should contact the appropriate OMH Field Office (listed above) to arrange for technical assistance.
