

Assemblyman Angelo Santabarbara

A voice for New Yorkers with disabilities

“As the father of a teenage son with autism, parents, siblings, friends and other caretakers of people with autism spectrum disorder across the state can take comfort in knowing that **they are not alone.**”

– Assemblyman Angelo Santabarbara

Your advocacy is working!

New York's first 'Autism Action Plan' becomes a reality!

Last year, we were successful in getting a critical piece of **Autism Action NY** passed into law (Ch. 469 of 2016). The measure creates the state's first **Autism Spectrum Disorder Advisory Board** to develop, implement and update a statewide **Autism Action Plan**, incorporates new information as it becomes available and creates a central location for available services.

Our work is not done!

1 in 68 children in the United States is living with autism. Together we may face the challenges many autism families face, but we can overcome those challenges together.

Autism Action NY is a plan that aims to:

- Increase job opportunities
- Provide independent and supportive housing
- Improve access to information
- Assist in communication
- Provide training for first responders
