**Improving
Public Safety**

**And Supporting
Our Brave Men
And Women In
Uniform**

Our police officers, volunteer firefighters, and first responders put their lives on the line each day to keep us safe. To continue to improve public safety in our state and support local law enforcement, I

- ▶ **Support the blue and red always.**
- ▶ **Have** and will continue to visit fire departments and police stations around my district to hear how the state can best support them so they can do their duty.
- ▶ **I support** legislation that will:
 - **Create** tax exemptions for our police officers, firefighters, and other first responders (A.6105 and A.6184)
 - **Make** sure those who expose our first responders to fentanyl will be charged with Assault (A.4085A)
 - **Extend** the certification of first responders who could not recertify due to a medical condition (A.6196)
 - **Keep** violent offenders off the street by working to repeal bail reform (<https://nyassembly.gov/mem/Brian-Curran/story/104783>)
