

Khaleel M. Anderson

REPORTS TO YOU
Dear Friends and Neighbors,

On November 3rd, you made history by electing me as the youngest Black Assembly Member in not just New York State Assembly District 31, but in the entirety of New York State. I am grateful for this opportunity to make state history and will use every ounce of my energy and knowledge to represent you in Albany.

The Speaker of the New York State Assembly swore me in on November 12th, 2020. Since then, my office staff and I have been hard at work attending trainings and preparing our district offices in Far Rockaway and South Ozone Park, participating in community events and addressing constituent concerns. I have also moved urgently to co-sponsor important legislation to protect families and small businesses during this ever-worsening COVID-19 crisis. It has been both an exciting and challenging first month in office.

We plan to have a virtual office open house in the days ahead and information about that will be shared soon. We began providing constituent services earlier this month and will continue to do so by appointment only. Please contact my office with any neighborhood concerns or feedback that you might have to help us repair, unite and better the communities of New York State Assembly District 31. We look forward to hearing from you.

Sincerely,

Khaleel M. Anderson
Assemblymember
31st District

Legislation Updates

In all of our mailings, we will provide a list of the most recent legislation that I have sponsored or co-sponsored. We will establish this as a transparent practice to ensure that our communities are aware of my legislative work. I encourage you to reach out to our office if you have questions about any of the following bills or if you have any legislative ideas. Our office will be announcing a Legislative Advisory Committee in the next few weeks.

Prime-Sponsored Legislation, Introduced by Rules on Behalf of the Member

A11152: Enacts the NYCHA utility accountability act. This is the first bill that I have prime sponsored as a Member of the Assembly. We must hold the Public Housing Authority accountable to its residents.

Co-Sponsored Legislation

A01248: Concerns the application of the legislature of the state of New York petitioning the Congress of the United States of America to call a national constitutional convention to propose amendments in order to address concerns raised by the decision of the United States Supreme Court in Citizens United v. Federal Election Commission 130 S.Ct. 876.

A06797: Relates to establishing Eid al-Fitr, Eid al-Adha, Diwali, Vaisakhi, Good Friday and Onam as school holidays.

A07791: Repeals the rebates for stock transfer tax paid; dedicates funds of the stock transfer tax fund and stock transfer incentive fund to various funds; establishes the safe water and infrastructure action program.

A10226: Requires certain perils be covered under business interruption insurance during the coronavirus disease 2019 (COVID-19) pandemic.

Co-Sponsored Legislation, Introduced by Rules on Behalf of the Member

A10727: Raises the lower age of juvenile delinquency jurisdiction from seven to twelve years of age and establishes differential response programs for children under the age of twelve.

A10826: Establishes the Rent and Mortgage Cancellation Act of 2020.

A10827: Prevents evictions during the COVID-19 covered period.

A10837: Relates to requiring business interruption insurance to cover disease outbreaks as denying such coverage based on a disease outbreak is against public policy.

A10901: Relates to suspending rent payments for certain tenants due to the state of emergency declared by Executive Order No. 202, where they have lost earned income or were forced to close their place of business; requires landlords to accept 20 percent or one-third of contractual rent each month; requires the superintendent of the department of financial services to establish and implement an interim commercial rent relief program to support covered tenants and landlords impacted by the COVID-19 pandemic.

Community Events

Veterans Day

Veterans Day, and every day, we celebrate the leadership of those who have served to protect our nation. On Veterans Day this year, I visited the American Legion Post 483 in Rosedale to break bread with veterans living in Assembly District 31 and thank them personally for their service. We recognize and highlight all veterans for their service and commitment and want to especially recognize the two-front war that Black current and former service members face.

Thanksgiving Giveaway

In partnership with Queens Defenders, our staff hosted a Thanksgiving Giveaway at the Rockaway Community Justice Center. The event was a great success. I hope that everyone had a safe and healthy Thanksgiving holiday.

ROCKAWAY COMMUNITY JUSTICE CENTER

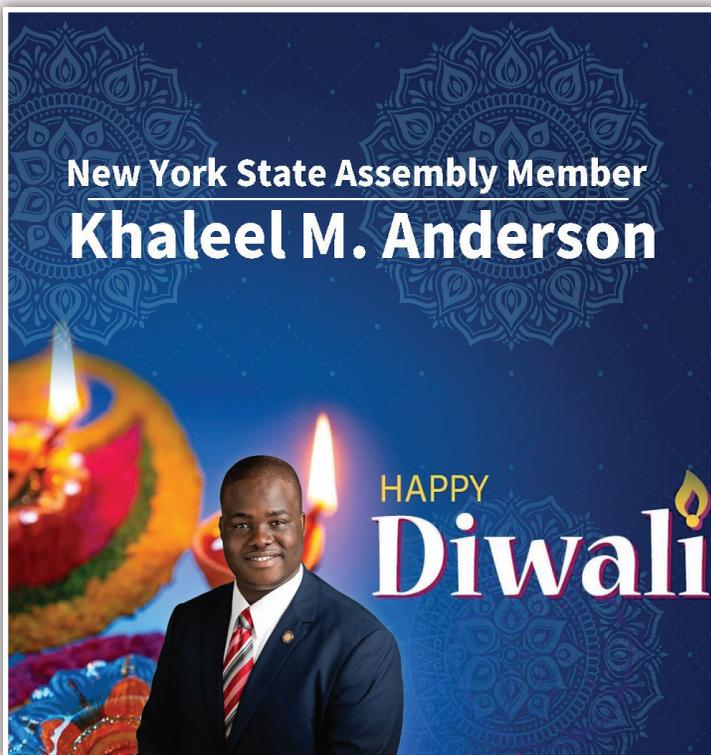

Celebrating the Festival of Lights

Diwali, the festival of lights celebrated by Hindu, Jain, and Sikh members of our community, is a time symbolizing the victory of light over darkness and knowledge over ignorance. What is usually a time of families and friends gathering changed drastically this year due to COVID-19. I joined leaders in Richmond Hill for a joyful scaled-back and socially distanced celebration.

One of the first pieces of legislation I co-sponsored upon my start as an Assemblymember was Assembly Bill 06797, which would recognize Diwali as a school holiday across the state alongside the religious observances of Eid al-Fitr, Eid al-Adha, Vaisakhi, Good Friday, and Onam. The purpose of the bill is to avail students from different religious and cultural backgrounds to celebrate their traditional festivities with their family and community. All students should have the right to fully celebrate religious observances. For more information on this legislation, you can go to www.nyassemblies.gov/leg/ and search for bill number A06797.

Listening to Small Landlords and Homeowners

During my first few weeks in office, I partook in a homeowners hearing session, listening to residents share their concerns about mortgages, utilities and more amid the COVID-19 crisis. As your state Assemblymember, I will work tirelessly to ensure that the voices of small homeowners in our district are heard.

Protecting small business

In this time of severe economic difficulty, small business owners are increasingly concerned about going into the weeks ahead with continued absence of financial relief. To convey my support, I went to Rosedale and held a rally alongside Queens Borough President Donovan Richards at a popular local restaurant, Pa-Nash. In my remarks, I implored the governor to provide relief to small businesses amid the COVID-19 crisis and announced that I co-sponsored the Save our Storefront legislation. I later partnered with Senator James Sanders Jr. to host a press conference in support of small businesses.
