## Updates from Albany

### **New York State requires OMH psychiatric hospitals and OPWDD certified specialty hospital employees to have at least one vaccine shot by November 1<sup>st</sup>.**

Governor Hochul announced the plan to expand the healthcare worker vaccine mandate to include employees who work in certain facilities offering health care to individuals served by the Office of Mental Health and the Office for People with Developmental Disabilities.

- Under the new directive, staff who work in settings that treat some of the most vulnerable New Yorkers will be required to show proof of at least the first shot of a COVID-19 vaccine series by November 1st, without a test-out option.
- Ahead of that requirement, staff in these settings will be required to submit to weekly testing, if unvaccinated, beginning October 12th.
- The vaccine requirement that went into effect on September 27th applied only to covered personnel at facilities regulated by the Department of Health, including all hospitals and nursing homes.
- On October 7th, the vaccine requirement will take effect for covered personnel at additional facilities regulated by the Department of Health, including adult care facilities, home health agencies, long term home health care programs, AIDS home care programs, hospice care, and diagnostic and treatment centers.
- This new requirement, established within OMH and OPWDD agency regulations, will apply to all individuals working at the psychiatric hospitals in the OMH network, as well as those working at the specialty hospital certified by OPWDD.
- Governor Hochul plans to continue expanding the vaccine requirement into the human service and mental hygiene care settings in the coming weeks, while also taking

necessary steps to ensure staffing levels continue to be appropriate across those service systems.

“As we all continue to work together towards ending this pandemic, mandates are often hard to swallow, but many of the professionals at OMH and OPWDD serve individuals with underlying medical conditions that make them far more vulnerable to the COVID-19 virus.

The vaccine has proven to be safe and effective and will protect our most vulnerable individuals as well as our families and communities. I continue to urge everyone to get the vaccine.”

### **Critical Updates, New Policies, and Testing Locations to Protect You and Your Community**

1. **Governor Hochul announced that the MTA's nationally celebrated program to mentor local minority-owned, women-owned and disadvantaged businesses (MWBE) has helped participating companies win a total of \$500 million in MTA contracts since the state's program was founded in 2010.** A \$2 million contract to Alliance Tri-State Construction, Inc., of Staten Island was the decisive award that put the total over the half billion mark. It is the 485th contract to be awarded to a participating business since the start of the program. MTA Chief Diversity Officer Michael Garner and his team, working closely with MTA Construction & Development and the MTA's Office of Construction Oversight, have led the Authority to an unprecedented pace of activity in recent years, with hundreds of millions of dollars in contracts awarded.
2. **Governor Hochul and Mayor Blasio announced \$27 million is available to provide relief to undocumented survivors of the storms and flooding caused by the remnants of Hurricane Ida. This funding will be distributed through grants to an established network of community organizations and provided to New Yorkers who are not eligible to receive storm recovery assistance through the FEMA Individual Assistance Program or other means.** When I saw the devastation of Hurricane Ida, I pledged that we would do everything in our power to help impacted communities recover, and this funding is a fulfillment of that promise," **Governor Hochul said.** "With these resources dedicated to undocumented New Yorkers who are ineligible for FEMA relief and partnerships with organizations on the ground, we can close gaps in aid and help New Yorkers in need. I urge eligible New Yorkers to apply to get the funding they need to rebuild.
3. **Construction permit fees as high as \$1,200 to be waived for NYC homes and businesses affected by Ida.** Mayor de Blasio signed an executive order that waives permit fees related to storm-related reconstruction and improvements.
4. **Governor Kathy Hochul today allocated \$59 million for the new Clean Green Schools initiative, which aims to advance clean energy and energy efficiency**

[\*\*solutions that will improve indoor air quality and reduce emissions for more than 500 public and private Pre-K-12 schools in disadvantaged communities across the state.\*\*](#) As part of the program, the State will convene education leaders this fall, including school superintendents, administrators, and educators, to inform the initiative launching in early 2022 to address climate justice issues and create improved, healthier learning environments for students. Today's announcement supports New York's nation-leading goal of an 85 percent reduction in greenhouse gas emissions by 2050 under the Climate Leadership and Community Protection Act (Climate Act).

5. [\*\*Governor Hochul announced a series of changes to both attract more applications and accelerate payments within New York State's Emergency Rental Assistance Program.\*\*](#) Under the Governor's direction, the state will invest an additional \$1 million in marketing and outreach efforts to raise awareness about the rent relief program, the available funding, and the strong tenant eviction protections in place for those who apply. The Office of Temporary and Disability Assistance, which administers the program, will analyze application data to target areas of the state with relatively low numbers of applications.

4. It's Important to Submit an SBA Loan Application - After you apply for disaster assistance from FEMA, you may be referred to the U.S. Small Business Administration. If you are referred to SBA, you should complete and submit the application. If your application is approved, you are not obligated to accept the SBA disaster loan but failure to submit the application may disqualify you from other possible FEMA assistance, such as disaster-related car repairs, essential household items and other expenses. SBA disaster loans are the largest source of federal disaster recovery funds for survivors. In planning your recovery, give yourself the widest possible set of options. Submitting the application makes it possible for homeowners and renters to be considered for additional FEMA grants. Applicants may apply online using SBA's secure website at [DisasterLoanAssistance.sba.gov](https://DisasterLoanAssistance.sba.gov) or they may email [DisasterCustomerService@SBA.gov](mailto:DisasterCustomerService@SBA.gov) for more information on SBA's disaster assistance program. Applicants may also call SBA's Customer Service Center at **800-659-2955** or email [disastercustomerservice@sba.gov](mailto:disastercustomerservice@sba.gov) for more information on SBA disaster assistance.

5. **MTA Announces Customers Count & COVID Travel Survey**

The MTA regularly conducts surveys to help better understand customer preferences and travel behaviors. If you are a subway, bus, Access-A-Ride Paratransit, Staten Island Railway, Long Island Rail Road, or Metro-North Railroad customer, [please take this survey](#). Your responses are very important even if you are not currently using MTA

services. The results will help inform decision making and improve service. This survey should only take about 15 minutes to complete. Upon completion of the survey, you can choose to be entered into a drawing to win one of ten \$100 gift cards. If you use more than one MTA service, you will be given an opportunity to take the survey again for a different service, and you'll increase your chances of winning. You can take the survey for up to two different MTA services.

We encourage you to take time to complete this important survey by October 4, 2021.

## FORECLOSURE PREVENTION NETWORK

Legal Services NYC **DEMAND JUSTICE**

Since 2007, Legal Services NYC's Foreclosure Prevention Network has assisted nearly 17,000 New York City homeowners facing foreclosure. With community-based foreclosure prevention projects in our Bronx, Brooklyn, Queens and Staten Island offices, our dedicated team of nearly 40 attorneys and advocates provide critical legal services to homeowners navigating the judicial foreclosure process and fight to help them save their homes. LSNYC Foreclosure Prevention Network partners include non-profit organizations, housing counselors, social service agencies and local government. Our advocates conduct trainings, outreach and education activities in conjunction with community and government partners.

**WHAT WE DO**

Legal Services NYC's Foreclosure Prevention Network attorneys represent homeowners in foreclosure as well as in state and federal court litigation challenging predatory lending, abusive mortgage servicing, scams targeting vulnerable homeowners, and fair housing and lending violations. We are the largest group of free civil legal services attorneys that help NYC homeowners by:

- Representing homeowners in court-mandated settlement conferences
- Providing legal advice and pro se assistance to homeowners through court-based clinics
- Helping clients negotiate home-saving solutions
- Advocating for fairer lending rules, and for better enforcement of laws protecting consumers from predatory practices

**CLIENT SUCCESS STORY**

**Ms. M, a 68-year-old Black homeowner, fell one month behind on her mortgage when she had to pay for her sister's funeral expenses.** For one year, her mortgage company continued to accept her payments, but then her servicing was transferred to a new company. The new mortgage company refused to accept Ms. M's payments unless she could catch up on the one missed payment. For three years, Ms. M tried to negotiate with her lender, but it refused to work with her even though she had sufficient income and was caring for her husband, who suffered from Alzheimer's disease. After being sued in foreclosure, Ms. M was able to connect with Brooklyn Legal Services, who helped her negotiate a modification with a lower interest rate and more affordable monthly payment, saving her \$300 per month on her housing expenses and allowing her family to remain in their home.

8. **The Forest Ave Comeunity Fridge is a group from Mariners Harbor looking to help out our community with Food Insecurity.**

**@FORESTAVECOMEUNITYFRIDGE**

**WHO ARE WE?**

We are a collaborative group, born and raised on the North Shore, who are passionate about addressing the health food disparity in our neighborhood of Mariners Harbor. The foundation of our initiative is "take what you need, leave what you don't" and "we keep us fed and healthy!" – in hopes of **creating a culture of unity, interdependence, community restoration and empowerment** in Mariners Harbor.

**WHAT IS A COMMUNITY FRIDGE?**

A Community Fridge is a fridge that provides **free and healthy food** for community members. The fridges offer access to fresh produce, healthy grains and perishable items to communities that do not have a lot of access to healthy food options.

**HOW CAN MY BUSINESS HELP?**

Your business can help by donating surplus food to our fridge or allowing us to purchase food at reduced costs.

**WHY SHOULD MY BUSINESS/ORGANIZATION CARE ABOUT A COMMUNITY FRIDGE?**

In recent political and racial events, many businesses and organizations are looking for ways to fight against racial inequity. Community fridges represent mutual aid – the idea that solidarity not charity is what communities need in order to become fairer and stronger. By donating food to our fridge, your business will be taking part in our ongoing movement for creating justice – first within our communities.

Sincerely,

A handwritten signature in blue ink that reads "Charles D. Fall". The signature is written in a cursive, flowing style. The name "Charles" is written above "D.", and "Fall" is written below "D.". The signature is positioned to the left of the printed name below.
