Policies Assemblyman Reilly Supports to Make Health Care More Affordable

- ✓ Would help families save for health care by creating tax-advantaged Health Care Savings Accounts to reduce the burden of high deductibles. (A.9384)
- ✓ Would increase accountability for rising premiums by establishing a Health Benefit & Cost Commission to review the impact of new mandates before they are passed. (A.9367)

The New York Rx Card is a free, statewide prescription discount program available to all New York residents. There are no eligibility requirements, and it can be used at most pharmacies to reduce the cost of both generic and brand-name medications. This program is privately supported and is not insurance.

New York State EPIC (Elderly Pharmaceutical Insurance Coverage)

Web: health.ny.gov/health_care/epic

The EPIC Program helps seniors 65 and older pay for prescription drugs. It works alongside Medicare Part D to lower medication costs for those meeting income guidelines.
