ASSEMBLYMAN **MICHAEL**
TANNOUSIS
STATEN ISLAND-BROOKLYN

TOGETHER WE CAN
Accomplish anything

Preserving our environment and encouraging anyone and everyone to get outside and enjoy nature are priorities Mike ***always keeps in mind*** when representing us in Albany and our community. Assemblyman Tannousis enjoys hosting neighborhood cleanups across the 64th Assembly District and has collaborated with the NYPD and New York City Department of Parks & Recreation to clean our neighborhoods of refuse and litter.

As your Assemblyman, Michael Tannousis has been on the front lines in Albany pushing for legislation to help clean up Staten Island and Brooklyn to secure a cleaner environment for generations to come. This year was a busy time for environmental policies, and Mike was able to be a part of passing crucial legislation to:

- ✓ Reduce the amount of clutter and debris in our communities by regulating the disposal of waste manufacturing and commercial operations. (A.978)
- ✓ Require state agencies to research and establish better recycling practices and alternative disposal techniques –like composting. (A.5605 and A.6333)
- ✓ Expand the use of bioheating fuels and biodiesel. (A.7290)

If you care about the environment like I do and have ideas on how we can work together to clean up our community and our state, email me at: tannousism@nyassembly.gov or contact my office at 11 Maplewood Place, Staten Island, NY 10306, 718-987-0197 or 7716 3rd Ave., Brooklyn, NY 11209, 718-439-8090
