

A New School Year Is Starting!

I am a proud father of four children, and I want to make sure my kids and others across my district start the new school year off right and are given the tools and opportunities necessary to thrive.

OUR SCHOOLS AND STUDENTS DESERVE OUR SUPPORT!

To promote the best learning environments and opportunities for students of all backgrounds, I am supporting legislation that will:

- **Establish** a task force to determine effective screening, intervention and support for students at risk of or struggling with dyslexia and dysgraphia. (A.133)
- **Authorize** tuition assistance program awards for students enrolled in short-term credential programs offered by certain public institutions. (A.1185)
- **Implement** civic education curriculum in public and charter schools for students grades five through twelve so young people can better understand the way government works. (A.1689)
- **Help** keep our children safe at school by placing a trained state police school resource officer in every building in school districts statewide. (A.4296)
