Albany, NY
Permit No. 75

Our police officers and first responders put their lives on the line each day to keep us safe. To continue to improve public safety in our state and support local law enforcement, I

- ▶ **Have** and will continue to visit fire departments and police stations around my district to hear how the state can best support them so they can do their duty.
- ▶ **I support** legislation that will:
 - **Provide** that fire districts, which provide enhanced disability benefits, are entitled to state reimbursement. (A.1999)
 - **Make** information related to hate crimes on college campuses readily available on university websites and require colleges to inform incoming students about hate crime prevention and support services for victims. (A.3694A)
 - **Help** keep our children safe at school by giving school districts statewide access to trained State Police School Resource Officers. (A.4296)
 - **Care** for retired police K-9s by reimbursing their owners or adopters for the cost of veterinary care of the dog for the remainder of their lives. (A.4975)
