**Robert Smullen:**  
Fighting for New York's Future

## This Session, I Supported Proposals That Will Improve:

- ✓ **RURAL EQUITY** by introducing the "Rural Equity Assistance Program," which will help promote economic development and resurgence in rural communities<sup>1</sup>, provide equal access to infrastructure services and resources<sup>2</sup>, help address unique rural education needs<sup>3</sup> and preserve the heritage and history of rural New York<sup>4</sup>; and
- ✓ **PUBLIC SAFETY** by requiring life preservers and other safety devices at public boat launches<sup>5</sup>, strengthening penalties for sexual assault crimes to properly reflect the severity of such crimes<sup>6</sup> and putting safety and transparency measures in place for prescription drug labels to eliminate confusion among older patients.<sup>7</sup>

## Next Session, I Plan To Continue To:

- Fight to lower taxes and lessen regulations imposed on local businesses and New York citizens;
- Increase support services for first responders, law enforcement, veterans and active service military personnel;
- Tackle issues related to crime and public safety; and
- Promote the New York Donate Life Registry statewide to help increase the number of eligible organ/tissue donors available and save lives.
