Defend Public Safety

Ensure the safety of our communities is paramount. That's why I want to:

Support Law Enforcement: Provide police and prosecutors with the necessary resources and training to protect our community. (A53-A)

Examine Pro-Crime Policies: Reassess our criminal laws to make sure they properly balance public safety with the rights of the accused. (A2262)

Promote Economic Growth

A thriving economy benefits everyone. My focus includes:

Reducing Taxes: Implement tax cuts to stimulate business development and provide relief to hardworking families. (A2295)

Supporting Local Businesses: Repeal harmful regulations and policies that hurt businesses to create an environment so they can flourish—leading to job creation and economic stability. (A2405)

Advocate for Excellence in Education

Our children deserve the best education possible. I aim to:

Enhance Educational Standards: Promote a curriculum that prepares students for the future, emphasizing critical thinking and practical skills. (A4411)

Have More Parental Involvement: Encourage policies that increase parental input in educational decisions, ensuring families have a say in their children's education. (A4687)
