ORAL TESTIMONY BY INVITATION ONLY

For millions of New Yorkers that are insured, as well those individuals that are underinsured and uninsured, cost remains a primary obstacle to accessing health care; and those who are able to access care are often left with significant debt as a result. The New York Health Act, A.5248/S.3577, would replace traditional health insurance coverage and public health coverage programs with comprehensive single-payer health coverage, including long-term care, for all New Yorkers. The program would be publicly funded, including existing federal support for Medicaid and Medicare. New Yorkers would no longer have to pay premiums, deductibles, co-pays, out-of-network charges, or have limited provider networks.

This hearing is part of a series of statewide hearings, including a hearing to be scheduled in the Hudson Valley region, which will provide an opportunity for comments and suggestions from stakeholders around the state on the New York Health Act.

Persons invited to testify, or who want to be invited to testify, should complete and return the enclosed reply form as soon as possible. It is important that the reply form be fully completed and returned so that persons may be notified in the event of emergency postponement or cancellation.

Oral testimony will be limited to three minutes. All testimony will be under oath. In preparing the order of witnesses, the Committee will attempt to accommodate individual requests to speak at particular times in view of special circumstances. These requests should be made on the attached reply form or communicated to Committee staff as early as possible.

Twenty copies of any prepared testimony should be submitted at the hearing registration desk.

In order to further publicize these hearings, please inform interested parties and organizations of the Committee’s interest in hearing testimony from all sources.

In order to meet the needs of those with a disability, the New York State Legislature, in accordance with its policy of non-discrimination on the basis of disability, as well as the 1990 Americans with Disabilities Act (ADA), has made its facilities and services available to all individuals with disabilities. For individuals with disabilities, accommodations will be provided, upon reasonable request, to afford such individuals access and admission to the Legislature’s facilities and activities.
